SO WHAT IS 'FRANCOPHONIE' ?

La Francophonie is the **global community of people who speak French** —across continents, cultures, and generations (**more than 320 million in total!**).

International Francophonie Day celebrates **not just the French language but also the diversity and creativity** of French-speakers all over the world.

Is it only for people who know French?

Not at all. Everyone is welcome to be a part of this experience and know more about the French language - its beauty, its diversity, and what it means to different people all over the world. **It is not just a celebration of French, it is a celebration of language itself!**

Also, if you have been thinking of joining a beginner class in French,

Francophonie Day is the perfect place to **meet students and teachers of AF and know more about how to begin.**

Are the events free?

All events are free and open to all (except the cooking workshop). Some workshops require prior registration with Alliance Française Bangalore. You may register directly at Alliance on the day of the event as well.

Let's get ready to enjoy?

Whether or not you understand French, the Francophonie event at Alliance Française is the perfect place to

- get more **global context** about the language
- **make friends** with a community of French-learners and speakers in Bangalore
- spend your Saturday in a **colourful cultural setting** that's rich in conversation and **experiences !**
