

KeyPoint Technologies.

We would like to formally share our proposal with you for a new hiring requirement. Please find the attached Job Descriptions for the identified roles. Based on these requirements, we request your support in sourcing suitable candidates.

Open Positions (Location: Noida / Chennai):

1. Agile Scrum Master / Project Lead – Level 3A
2. Business Analyst Lead / Functional Analyst – Level 3A
3. Python Technical Lead – Level 2B
4. Business Analyst Senior / Functional Analyst – Level 2B
5. Python Senior Software Engineer – Level 1B

Important points to consider:

- Candidates must have relevant experience and skill alignment as per the Job Descriptions.
- All roles involve direct interaction with French stakeholders.
- **Valid French language certification (B1 or B2 level) is mandatory.**
- **Work location will be Noida or Chennai.**
- **Budget is open and will be finalized based on candidate experience and suitability.**

We request you to kindly share suitable candidate profiles with us if you have candidates matching the required skills and experience.

Please feel free to reach out to us in case of any questions or clarifications. We look forward to your support and collaboration.

Thanks & regards,

Sowmya
